

Survey on Severity of Setting-Related UI Display Issues in Apps

This survey aims to collect your evaluations of the severity of various Setting-Related UI Display Bugs (referred to as SUD issues) across two dimensions: functionality and user experience. Your feedback will help us better understand the real-world impact of SUD issues in practical usage scenarios.

Please rate the severity of each issue from both a functional and user experience perspective, using the scale: 1 = Not severe at all, 5 = Very severe.

Thank you for your time.

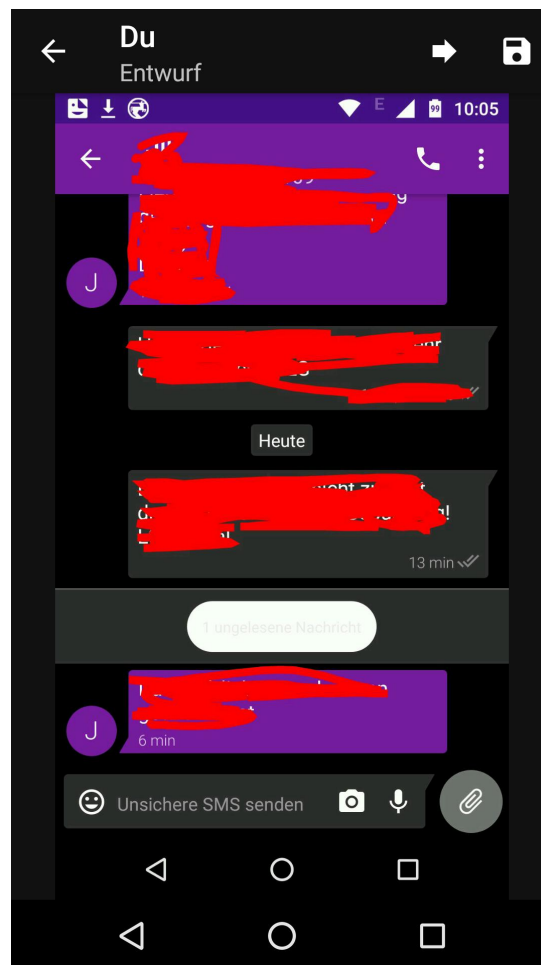

Question 1

Title: Chat text in dark mode is white on gray

Description:

In this messaging app's dark mode, chat-related text appears as white text on a gray background. Please rate the severity from both a functional and user experience perspective.

Question 2

Title: Buttons shift off-screen in low-resolution mode

Description:

In low-resolution mode, some buttons at the bottom of the screen are shifted off the right edge and cannot be clicked. Please rate the severity.

(Source: github.com/JunkFood02/Seal/issues/1075)

Question 3

Title: Quoted text invisible in dark mode email

Description:

In this email app's dark mode, quoted text (when replying to an email) is dark against a dark background, making it visible only when selected. Please rate the severity.

(Source: github.com/thunderbird/thunderbird-android/issues/1930)

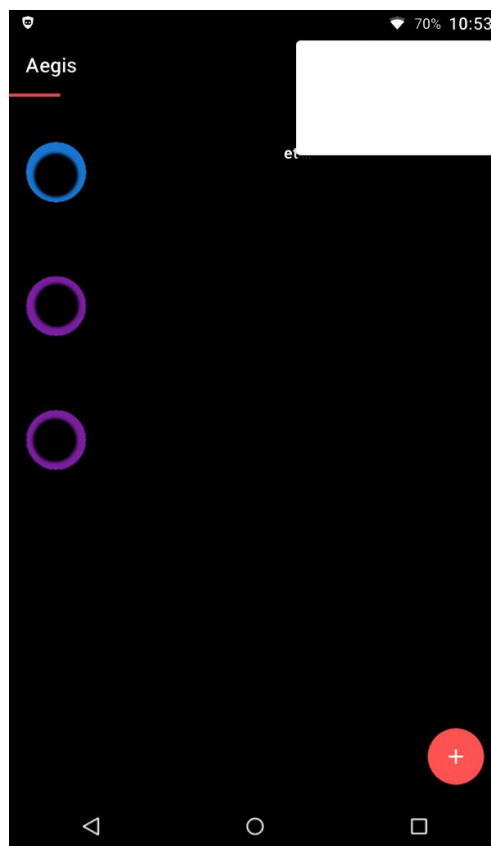

Question 4

Title: Menu items invisible in dark mode

Description:

In this app's dark mode, opening the menu shows a white rectangle, and the menu item text is also white, making options invisible (though still clickable). Please rate the severity.

Question 5

Title: Button text truncated in Polish language setting

Description:

In the Polish language setting, button text is truncated and distorted. Please rate the severity.

(Source: github.com/streetcomplete/StreetComplete/issues/1372)

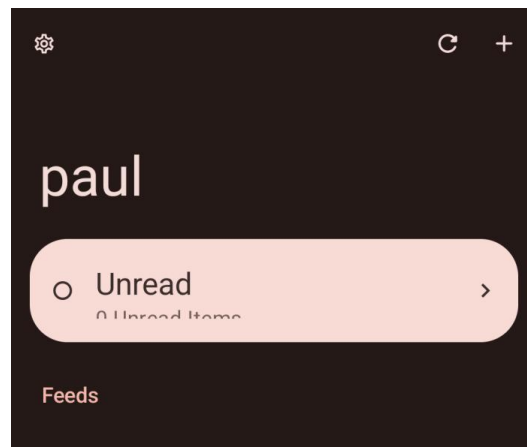

Question 6

Title: Text cut off in large font mode

Description:

In large font mode, the bottom half of the text is cut off and not fully displayed. Please rate the severity.

(Source: github.com/ReadYouApp/ReadYou/issues/685)

Question 7

Title: Inconsistent menu alignment for Arabic (RTL)

Description:

In the Arabic language setting (a right-to-left language), menu text alignment is inconsistent. Please rate the severity.

(Source: github.com/TeamAmaze/AmazeFileManager/issues/4225)

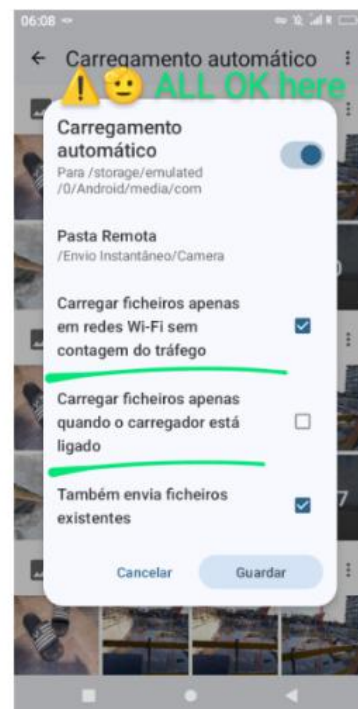

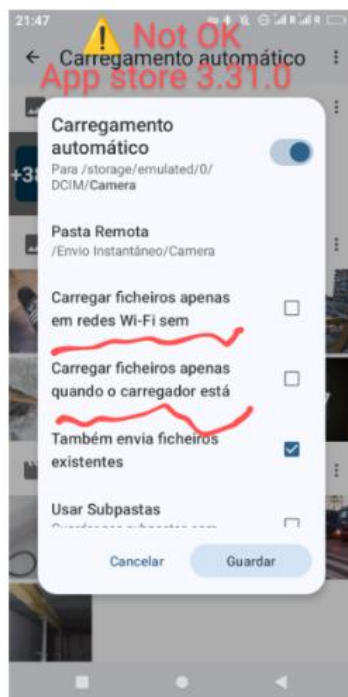

Question 8

Title: Option text truncated in Portuguese

Description:

In the Portuguese language setting, the option description text exceeds the two-line limit, causing truncation. (Left image: truncated text; right image: full text). Please rate the severity.

Question 9

Title: Text elements overlap in landscape mode

Description:

In landscape mode, text elements on the interface overlap each other. Please rate the severity.

(Source: github.com/cgeo/cgeo/issues/14203)

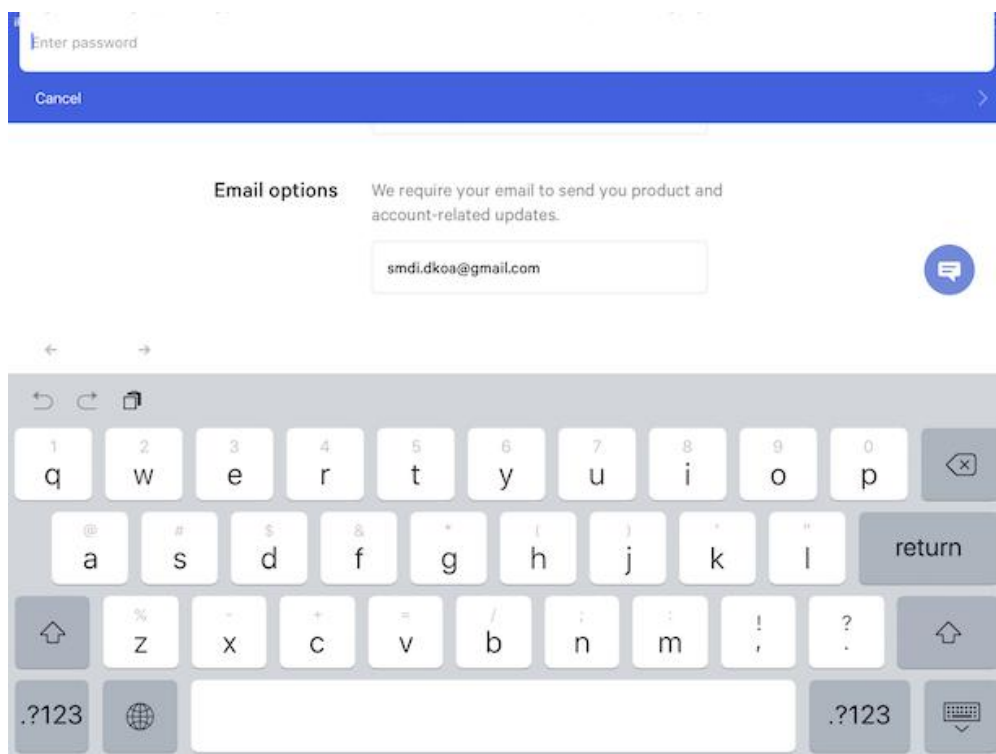

Question 10

Title: Interface not fully visible in landscape mode

Description:

In landscape mode, the interface is not fully displayed and only a portion of the screen is visible. Please rate the severity.

(Source: github.com/status-im/status-legacy/issues/5025)

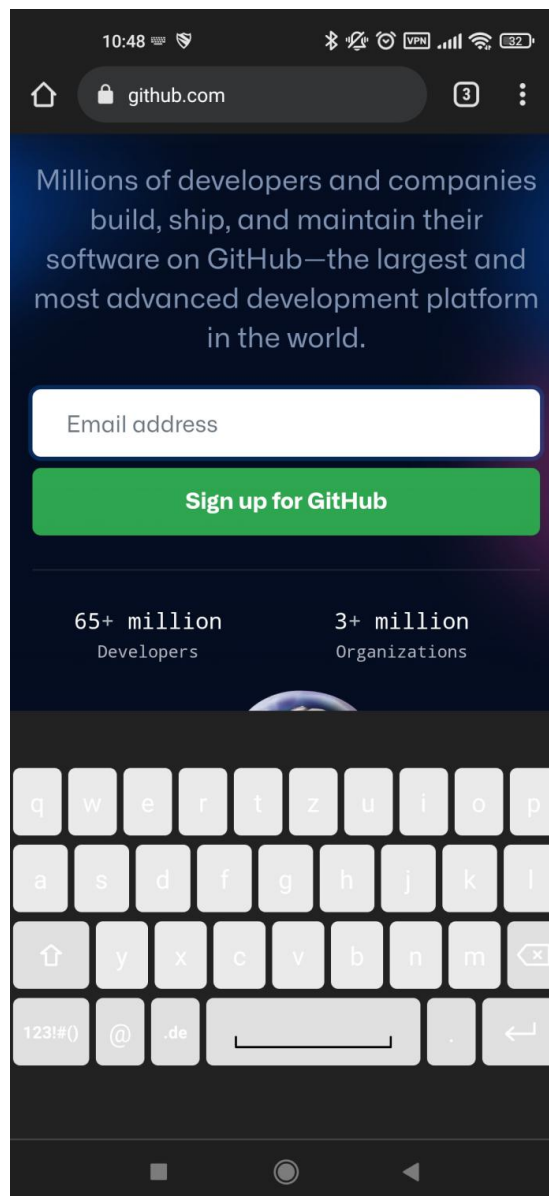

Question 11

Title: Keyboard text invisible in dark mode

Description:

In this keyboard app's dark mode, both the text and background of the keyboard are white, making the content difficult to see. Please rate the severity.

(Source: github.com/AnySoftKeyboard/AnySoftKeyboard/issues/3001)

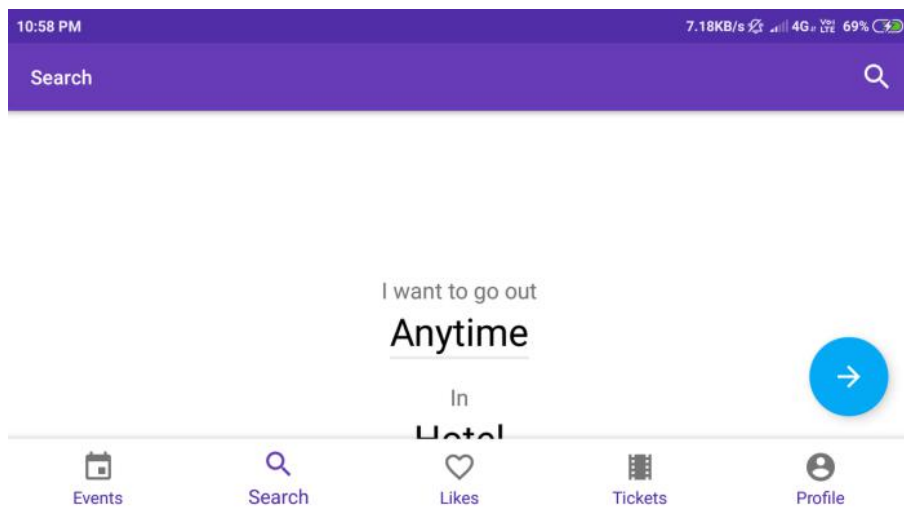

Question 12

Title: Content hidden by bottom bar in landscape mode

Description:

In landscape mode, part of the content is hidden behind the bottom option bar. Please rate the severity.

(Source: github.com/fossasia/open-event-attendee-android/issues/960)

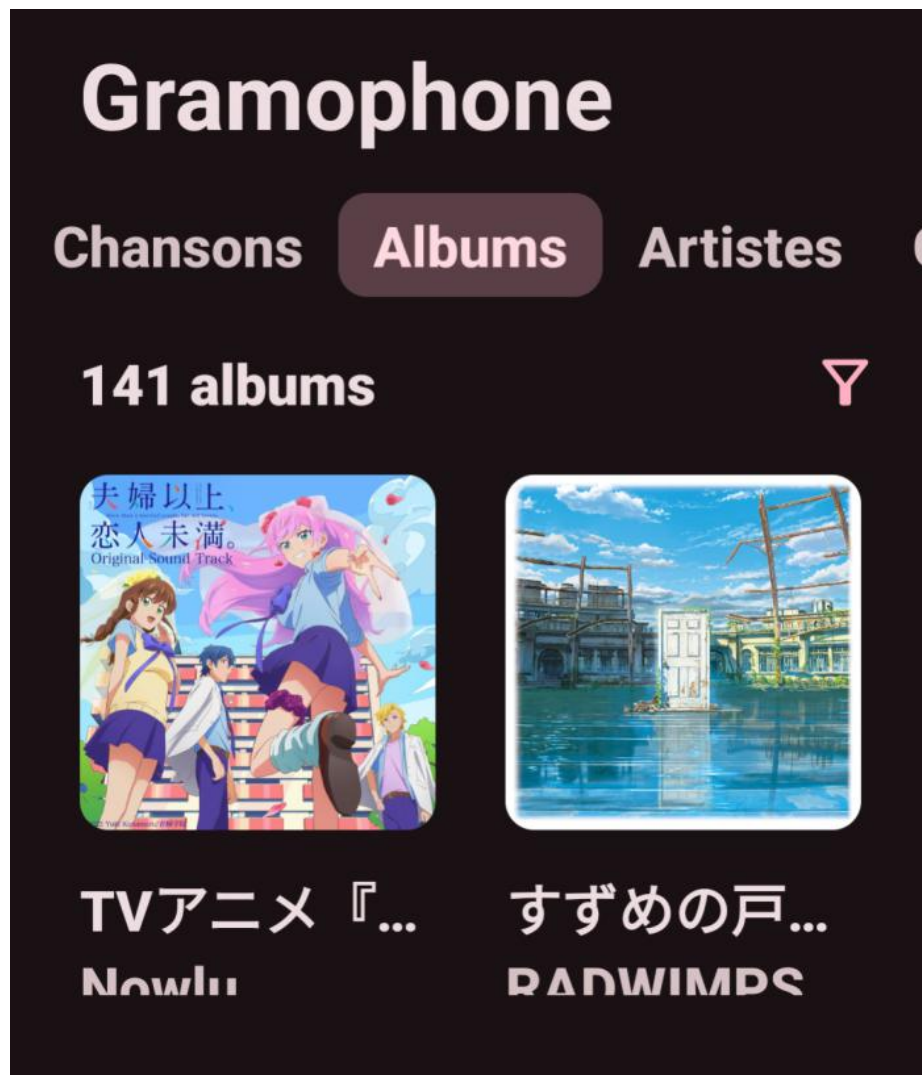

Question 13

Title: Text only half-visible in large font mode

Description:

In this reading app's large font mode, only the top half of some text is visible. Please rate the severity.

(Source: github.com/FoedusProgramme/Gramophone/issues/213)

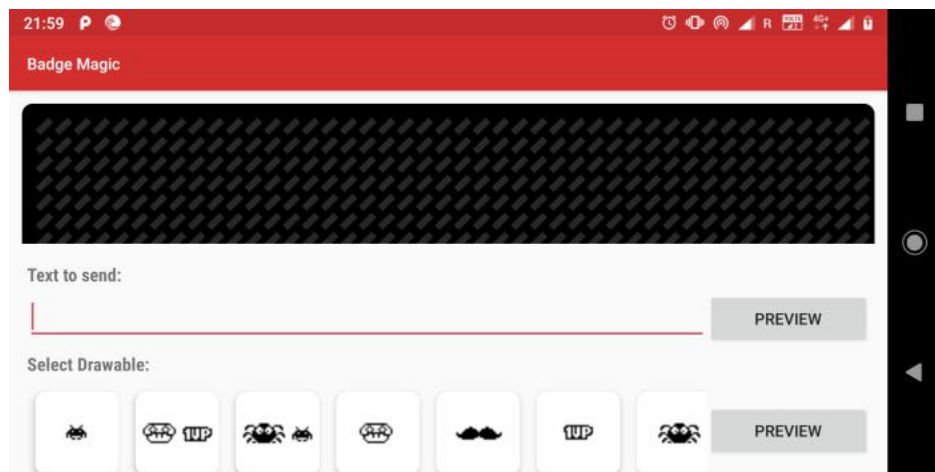

Question 14

Title: Badge preview not fully visible in landscape mode

Description:

In landscape mode, the badge preview is not fully visible. Please rate the severity.

(Source: github.com/fossasia/badgemagic-app/issues/106)

Question 15

Title: Intro activity UI misaligned in landscape mode

Description:

The UI of the intro activity is not properly aligned in landscape mode. Please rate the severity.
